ERIC T. LANDER

Corrigenda

The author would like to acknowledge the misattribution of a handful of forms to Dunkel 2014:

P. 79, concerning the last sentence in fn. 6: The reconstruction PIE **ǵʰi-ná* for ON *-gi*, OHG *-gin*, etc. is in fact rejected by Dunkel.

P. 96, examples (19) and (20): PGmc **ek* is not a continuation of PIE **éǵʰ* according to Dunkel. Better might be PIE **éǵʰ-h₂* > PGmc **ek*.

P. 96: Authors differ, but Dunkel for his part rejects Hitt. *ammuk* and *tuk* as associated with PIE **ge*.

The author takes full responsibility for these errors.
